

C O U N C I L C O M M U N I C A T I O N

TO: THE CITY COUNCIL
FROM: THE CITY MANAGER'S OFFICE

COUNCIL MEETING DATE
NOVEMBER 1, 1989

SUBJECT: SPECIFICATIONS FOR DIAL-A-RIDE VEHICLES AND AUTHORIZE ADVERTISING FOR BIDS

PREPARED BY: Assistant City Manager

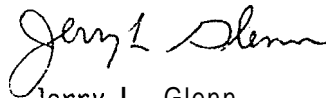

RECOMMENDED ACTION: Council authorize specifications for Dial-A-Ride vehicles and authorize bids.

BACKGROUND INFORMATION: Resolution 89-115 approving the City of Lodi's 1989-90 TDA claim included the purchase of four vehicles using Resolution 89-1G8 as authority. Only two used vehicles were available. However, two new vehicles have been located from a local dealer, Sanborn Chevrolet.

We have standardized the Dial-A-Ride fleet using white Chevrolet station wagons. In the desire to obtain the necessary equipment as quickly as possible, we took delivery on the new vehicles. It was then realized we had no authority to take this action.

Council is requested to approve the attached specifications for two 1989 white Chevrolet station wagons equipped with air conditioning. A criteria to be used in awarding the bid will be the length of time of delivery. These wagons will be used to replace one 1982 vehicle and another with over 90,000 miles.

Respectfully submitted,

Jerry L. Glenn
Assistant City Manager
